

PRESSURE WASHING

See also www.ashrose.com and www.surfprep.co.uk for more examples

The Ashrose Group specialise in using a low pressure sand jetting system that has been used nationwide for property restoration, including gaining approval for and subsequently working on many Listed Buildings.

The system, in our trained hands, causes minimal damage to an underlying surface and is flexible enough to tackle most property restoration cleaning tasks.

- Some jobs however don't need abrasives, pressure washing is adequate, and we offer standard pressure washing and hot water pressure washing services too.
- New Build Brick Cleaning - Pressure Washing is generally adequate, although mild organic acids can be used for stubborn patches - and we can always step up further to the abrasive systems if more cleaning required.
- All our operators have IPAF passports for safe usage of Access Platforms.
- Block Paving Cleaned - generally we will offer weedkilling and re-sanding as part of the package.
- Competitive Prices
